

Exmoor Country House

Single Occupancy and Booking direct

There are 3 ways to make a reservation....book through an Online Travel Agent (OTA such as Booking.Com etc) or book directly online by using the 'check availability' widget on the reservations page of this website, or finally give us a call on 01643 863599. If you call us and we have availability chances are we'll offer you a lower price than the other 2 ways...not always....but chances are.

Booking single occupancy directly with us is by far the smart way to book. We don't give OTAs our best single occupancy rates so neither we (nor you) pay them any commission. The rooms will be the same and include full English breakfast...and if you book this way you'll get a better cancellation policy to boot.

Exmoor Country House
